**HAPPY HORIZONS  
CHILDREN'S RANCH**

## \*Ruth is Rescued!

The past few weeks have been a major adjustment for \*Ruth. She is now safe and her healing journey can begin! Her story, like so many at HHCR, is filled with sadness, hurt, and trauma. But that is why HHCR is here! **To help each child feel the love of Jesus.** To provide proper care for each child to heal from physical and emotional hurt. We teach children to work through their trauma in a health way. They may always have an emotional scar but it does not have to define them!

< For Privacy Protection - photo not of \*Ruth and "Ruth" is not her real name.

## Happy Valentines Day!

We love to celebrate the Great Love that our Heavenly Father has for all the children at HHCR! This day allows the kids and HHCR staff to experience the incredible love of God in a practical way. **He is so good and we want every child to know!**

Our mission sending district **The Tennessee Ministry Network** sent pastors to our region of the world to bless and encourage missionaries!

**Mission team** from Trinity Bible College! We would love for you and your church to join too! Learn more [@asiapacificmissions.org](http://@asiapacificmissions.org)

Adjusting to life at HHCR has been difficult for Beth. Recently Beth asked, **"Teach me to pray."** So we did! The Lord is up to something beautiful in her life!

**HHCR is going Solar!** Thanks to Builder's International, HHCR is now harnessing sunlight to provide power to our whole campus!
